

### **Asphalt Overlay & Minor Reconstruction of Various Roads Contract CW-18-17**

Graham Bros. Construction Limited has been awarded the 2018 Asphalt Overlay & Minor Reconstruction of Various Roads Contract that will be getting underway beginning in June. This work is to rehabilitate the road surface which is in poor condition. This rehabilitation will involve a mixture of asphalt overlay and granular base removal and replacement. Also included will be isolated curb and sidewalk repairs/replacement where required.

During this time, traffic will be restricted to local traffic only. Every effort will be made to keep disruptions to a minimum. Construction signs will be posted and the work site will be secured. Please exercise caution and obey all signs placed for your safety.

#### **Access to Your Home**

Please note that during normal construction hours (Monday to Friday, 7 a.m. to 6:30 p.m.) vehicle access to and from your properties may at times be difficult, additionally, driveways will be temporarily closed when work is being carried out in the immediate vicinity. Either the inspector or the contractor will notify you of access interruptions prior to the closure.

#### **Parking**

For the duration of construction, enforcement of the “5-Hour” maximum on-street parking by-law will be relaxed when your driveway is inaccessible or closed. Residents are asked to register their vehicle online at [www.burlington.ca/parking](http://www.burlington.ca/parking) or call 905-335-7816.

Vehicles are not permitted to park where signs are posted. (e.g. No Parking, No Stopping, and Fire Route etc.) In addition, vehicles are not to obstruct fire hydrants, driveway access or park their vehicles facing the wrong direction.

If you have any questions as it relates to parking please contact Parking Services at 905-335-7816 during business hours (8:45 a.m. to 4:30 p.m., Monday to Friday).

#### **Garbage Pick up**

Please continue to put your garbage and recycling out on the usual day. It is the contractor's responsibility to move your garbage and recycling to a location that can be accessed by the garbage truck and return your garbage/recycling containers. In order to help the contractor we would ask that you indicate, on your garbage cans and recycle bins, your house numbers.

### **Lawn Irrigation System**

If you have a lawn irrigation system where curb and sidewalk are to be replaced, we recommend you disconnect and remove any sprinkler heads within the City's road allowance. Please flag all other irrigation heads, so they are not damaged. The City is not responsible for damaged heads within the road allowance. This does not have to be done until work in your area is scheduled.

### **Vibration**

You may at times experience some minor vibration as a result of construction equipment. We recommend that you remove small light objects from shelving around the house.

If you require more details please do not hesitate in calling the contacts below.

### **Project Contacts**

Roadwork questions/concerns	Joel Kane	289-983-5139
General queries or concerns	Marc Daffre	905-335-7600 ext. 7640

**We would like to thank you for your co-operation and understanding during this construction period.**
